Turbine — Internal Invoicing & Payment Tracking System (Submission 1)

Idempotent: one invoice per subscription and billing period; recoverable after downtime. NFR-06

Authentication is a precondition of every staff use case (corporate e-mail domain only). Every action rechecks role and customer scope. NFR-04

Responsive & accessible (WCAG 2.1 AA), P95 < 2 s with 5,000 customers. NFR-02, NFR-03

Turbine Invoicing & Collections System
